- You are going to download a file (CAD models of the DIY Audi DTM Steering Wheel), **we don't sell physical product**
- After your download, you will be able to get your file in your member area (Account > Downloads)
- This product is protected by Licence, **you are not authorized to sell or share it.** More information here.

MATERIAL OF THE DIY SIM RACING WHEEL

3D PRINTED AUDI DTM STEERING WHEEL

As for the DIY Button Plate, I recommend PLA or ABS. For the infill, I recommend a minimum of 20%. Here are recommendations for printing 3D solid parts.

Printed by : TREATSTOCK
